Friday Noon Lecture Series

Basic Concepts for Patent Protection in Health Sciences

John R. Wetherell, PhD, JD
Partner, Co-Chair, National Life Science Group
Pillsbury Winthrop Shaw Pittman LLP

Friday, July 27, 2018
Noon – 1:00 p.m.
CDU Cobb Lounge
1731 E. 120th St.
Los Angeles, CA 90059

Please note that this Friday Noon Lecture Series session is not offered for CME credit.

Session Objectives
1. Describe underlying goals of the patent system.
2. Discuss types of medical and healthcare inventions that are patentable.
3. Outline criteria for obtaining a patent in the life sciences.

Overall Objectives
1. Discuss tools and strategies for tailoring health communications that are appropriate for different racial, ethnic, socioeconomic, and at-risk populations.
2. Identify factors that impact measured health disparities in SPA-6 and the greater Los Angeles County.
3. Cite methods for improving upon your performance as a team member within the healthcare system to provide optimal coordination of care for patients.
