Tips

- Search using the prefix only. While this will bring up all the courses associated with that discipline (i.e., “NUR” will bring all undergraduate and graduate Nursing courses), you will have a better opportunity of adding the right course. The system is specific and sensitive.
- Unsure of what you need? Consult with your advisor before adding a course. They are best equipped to guide you with major/program requirements.
- **Dropping a Course** using MyCDU:
 - Go to “**Register**”
 - Click on Traditional Courses, then click on the semester (e.g. **2019/SPRING**)
 - Click on **View Schedule**
 - You will see a **DROP** option next to your course
 - Check the box and click on **NEXT** to confirm dropping the course
