Register for our Basic Life Support (CPR) Certification Class – August 22, 2019

This course follows the American Heart Association guidelines for basic life support for adults, infants, and children. The course includes lectures, the use of an AED trainer, and interactive practice that integrates knowledge and skills into a clinically useful training program and provides BLS Certification through the AHA.

The American Heart Association strongly promotes knowledge and proficiency in all AHA courses and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent course sponsorship by the AHA. Any fees charged for such a course, except for a portion of fees needed for AHA course materials, do not represent income to the AHA.
